empowering discovery

**RADIATION  
SOLUTIONS INC.**  
A New Generation of Radiation Detection Technology

## Recap

---

What did we learn?

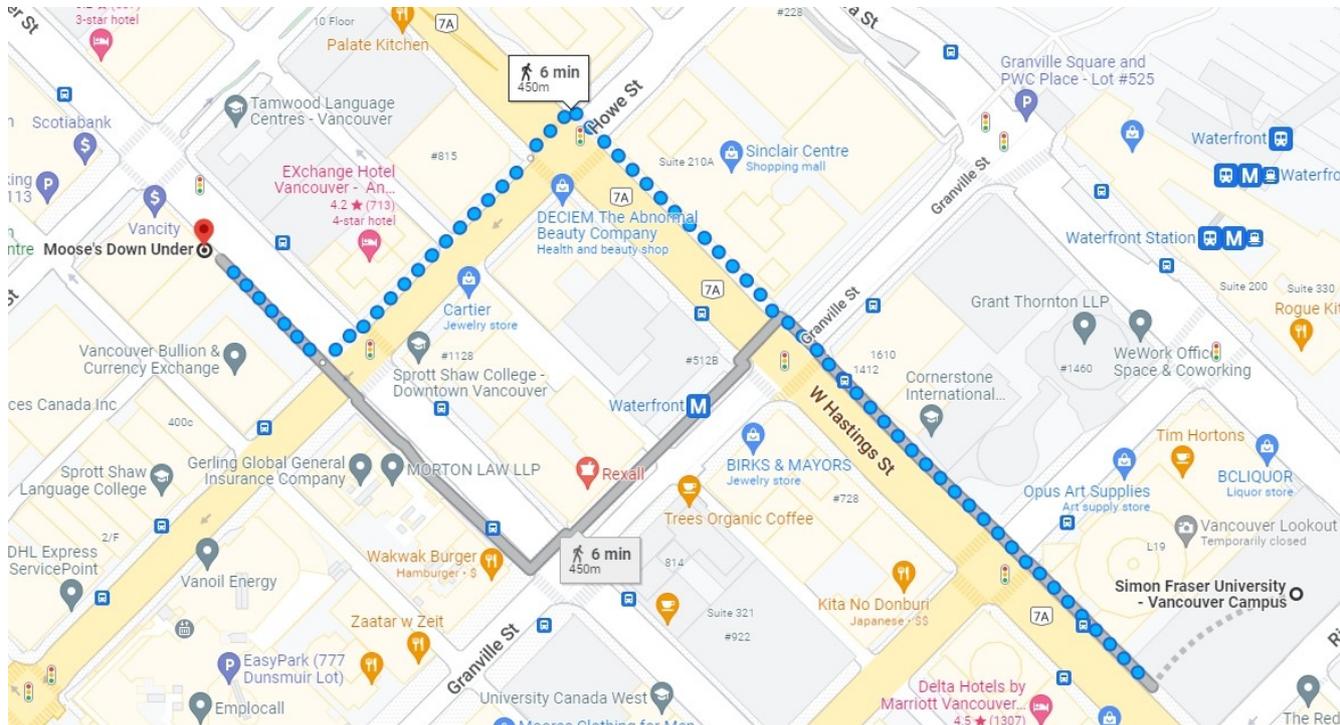

- That drones are super cool
- Legal framework for operating drones
- Models: Quadcopters, Fixed Wing, and more
- Sensors: Magnetics, EM, Radiometrics, LiDAR, Photography, Gas Sniffer
- Case Studies

Great student turnout!

## Thursday Networking

Join us for a beer and networking! Don't forget to bring your drink tickets.

Moose's Down Under (830 W Pender St. Vancouver)

## Friday – Drone Demonstration

---

## Friday – Drone Demonstration

---

Schedule of Events: 9:45 am to 4:00 pm

- **9:45 am** – Opening Remarks
- **9:15 am – 9:45 am**: Mandatory Safety Meeting held by BCGS “Air Boss”. One representative from each demonstrating company must be present.

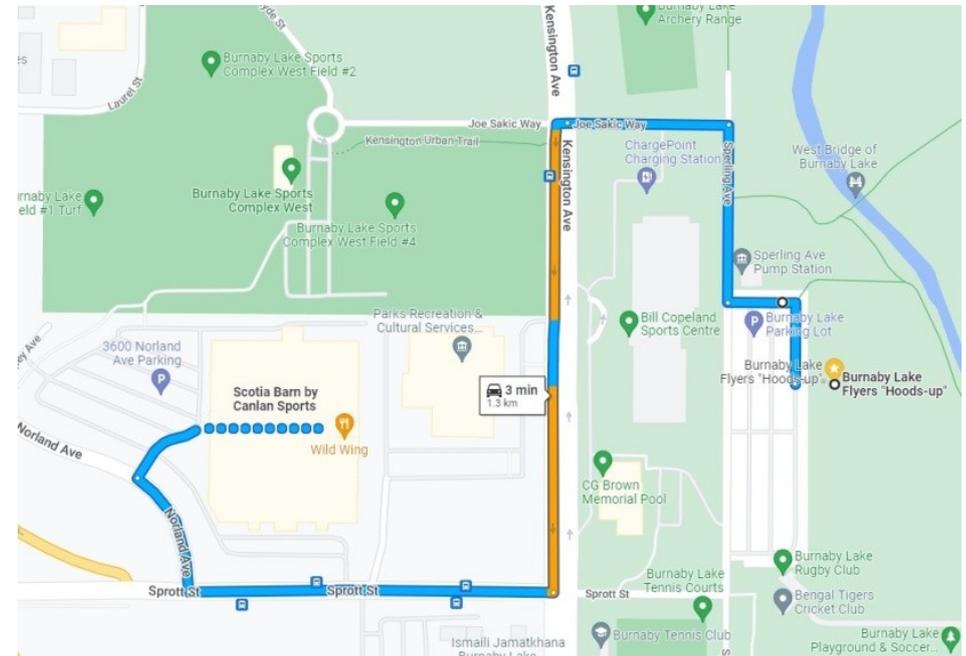

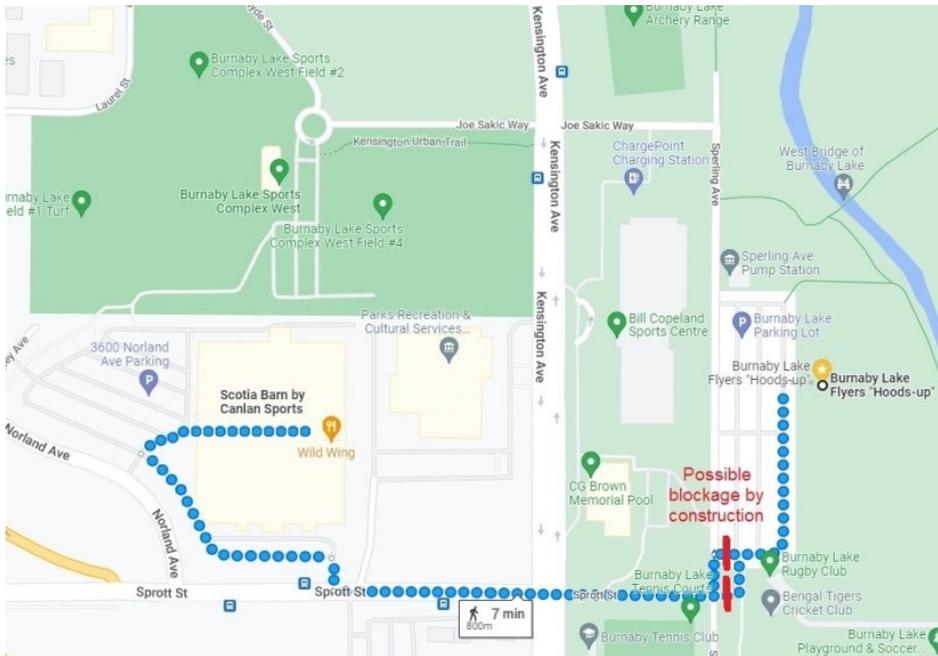

Drones will be on display throughout the day.

Come prepared to spend the day outside. Coffee & snacks will be provided at the morning break and lunch at the mid-day break.

## Friday – Drone Demonstration

Join us for a beer & networking @ Wild Wing Sports Bar

(Scotia Barn Canlan Ice Sports Complex, 5601 Sprott St. Burnaby)

## Who are we?

---

[www.bcgsonline.org](http://www.bcgsonline.org)

Non-profit technical society. Join our mailing list to hear about future events. Become a paid member (\$20/yr) to vote and access past symposium docs.

We organize:

- Technical Talks
- Symposia & Workshops
- Scholarship programs. Funded through profits and sponsor support.
  - BCGS Scholarship – Administered by the KEGS Foundation
  - BCGS Internship Award

Check out our Youtube channel for past monthly talks.
