

Time	Activity / Speaker	Company	Title	Authors
8:00 - 8:50 AM	Registration and Welcome Coffee			
8:50 - 9:00 AM	Opening Remarks and Kickoff			
9:00 - 9:25 AM	Nick Arndt (virtual)	Caur Technologies and Université Grenoble Alpes	Passive seismic for mineral exploration	Nicholas Arndt and Jean-Philippe Mercier
9:25 - 9:50 AM	Darren Burrows	Fleet Space Technologies	District and Prospect-Scale 3D Models of Ambient Noise Tomography and Gravity Data: A Case Study on Porphyry Copper Exploration in the Macquarie Arc	Anthony Reid, Adebayo Ojo, Timothy Jones, Nick Smith, Gerrit Olivier, Stephen Barber, Darren Burrows and Doug Menzies (Inflection Resources)
9:50 - 10:15 AM	Dan Hollis	Sisprobe SAS and IGGP/SIO University of California San Diego	Combining Passive Data from Seismic Reflection and Ambient Noise Tomography Data Sets for an Enriched Subsurface Velocity Model	Dan Hollis
10:15 - 10:45 AM	Coffee and Booth Visits			
10:45 - 11:10 AM	Troy Marfleet	Axiom Geophysics & Remote Sensing	Uranium exploration with real-time ambient noise tomography	Tanya Coetzee, Bronwyn Murphy, Adabyo Ojo and Darren Burrows
11:10 - 11:35 AM	Sebastian Braganza	ESG Solutions	Innovative Seismic Monitoring in Underground Mining: Enhancing Accuracy and Hazard Mitigation through Mine Seismology	Sebastian Braganza, Erin Bailey, Dave Collins and Alexander Mataseje
11:35 - 12:00 AM	Christian Dupuis	Université Laval	The Geophysical Open Seismic Hardware (GOSH) project: opening a world of collaboration	J. Christian Dupuis, Arnaud Mercer, Bernard Giroux, Simon Dourlet, Benjamin Girard and Rosalie Tremblay
12:00 - 1:30 PM	Lunch and Booth Visits			
1:30 - 1:55 PM	Heather Schijns	Teck Resources Ltd.	Improved Hard Rock Seismic	Heather Schijns
1:55 - 2:20 PM	Andy Dyke	HiSeis Canada Ltd.	Wiggle into your Geology	Andy Dyke and Greg Turner
2:20 - 2:45 PM	Joel Jansen	Lundin Mining Corp.	3D seismics at Neves-Corvo	Joel Jansen, Scott Napier (Mira) and Vitor Araújo (Somincor S.A.)
2:45 - 3:15 PM	Coffee and Booth Visits			
3:15 - 3:40 PM	Jared Townsend (virtual)	Think & Act Differently, Powered by BHP	Hardrock 3D Seismic for BHP's Copper South Australia	Jared Townsend
3:40 - 4:05 PM	Max Norman	Viridien Group	High-end seismic imaging application in the Olympic IOCG Province, South Australia	Max Norman, Robert To, Min Lee Chua and Mengmin Huang
4:05 - 5:00 PM	Discussion & Booths
